11 The un-know comes, to-mor-row or to-day, And may des-troy here all it can find,

ref.:

SILENTLY

15

A flee-ting tear will come in - to my eyes When af - ter all I'll look be-hind.

2. Silently I sink to my knees
Thoughts running circles round and round
What shall I do? What can I even try
To save my sweet familiar ground

Ref.: The silent song is getting harsh and loud
The wind is blowing sand in my eyes
The fight will come, I see the darkest cloud
And within me a sad voice cries

Solo. Refrain's tune.

3. Now I see the end getting closer
In the far there's white caring light
Oh Lord, here's all I'm praying for:
Not giving up without a fight!

2x Ref: The unknown comes, tomorrow or today
And may destroy here all it can find
A fleeting tear will come into my eyes
When after all I'll look behind
